

## **Acknowledgements**

My Ph.D. journey has been a wonderful and overwhelming experience and I am indebted to countless people, who supported me during this grueling event. I would like to acknowledge all of them for their unstinting support and assistance throughout this experience.

First of all, I am obliged to the Lord almighty, merciful, gracious and passionate, for providing me the support to proceed patiently and the capability to complete my thesis.

I would like to thank my parents, wife and family for their continuous support and patience. None of this would have been possible without the everlasting support and innumerable blessings of my family. Special indebtedness to my parents Mr. G. S. Pareek and Mrs. Ratan Devi Pareek & my wife Ms. Radhika for their indeterminate love, unfailing support, tremendous patience, trust and encouragement regardless of not knowing the field of scientific research. They have been a constant source of strength and inspiration for me.

I would like to express my sincere gratitude to Prof. Jitendra Panwar, my supervisor, without whom, this thesis would not have been materialized. He has taught me more about research and life in general than I could have ever thought possible. I will always be indebted for his utmost patience, unceasing encouragement, unending support and constructive criticisms. He has truly been an amazing mentor throughout my Ph.D. venture.

I am thankful to the Vice Chancellor, Directors, Deputy Directors and Deans of Birla Institute of Technology & Science (BITS), Pilani for providing necessary facilities and financial support. I am thankful to Convenors, Doctoral Advisory Committee (DAC) of Department of Biological sciences and my DAC members Prof. Prabhat N. Jha and Dr. Pankaj K. Sharma who were always there to support me and spared their valuable time to proof-read this thesis. Their honest criticisms and valuable suggestions have immensely helped in enrichment of this thesis. I am thankful to the faculties of Department of Biological Sciences for their constructive suggestions. I would like to thank non-teaching staff of the Department of Biological Sciences Mr. Naresh, Mr. Ajay, Mr. Subhash, Mr. Kamlesh & Mr. Parmeshwar and AGSRD Mr. Mahipal, Mr. Raghuvir and Mr. Rajendra for their help. A special thanks to Dr. Shilpi Garg for her kind assistance in statistical analysis.

I would like to acknowledge my gratitude to my friends Rashmi Rani Mishra and Dr. Sanjay Swami for always motivating me during this journey. I would like to thank my friends Sandeep, Vikas, Shahid, Ajay, Anand, Shraddha, Poonam, Tripti, Monika Sandhu, Dilip, Vajir, Nisha, Rinki, Azeem, Zeeshan, Leena, Vishalakshi, Shobham, Neelam, and all others for their

support and help. I would also like to thank my seniors Dr. Arpit, Dr. Zarna, Dr. Gagan, Dr. Isha, Dr. Kuldeep, Dr. Rajnish, Dr. Jola, Dr. Prakash, Monika Jangir, Vidushi Asati for their guidance during this period. I would also like to thank the Cricket team members, which made my journey so memorable. Special thanks to Dr. Sathosh Bhau, Saurabh and Saswat for their help in sample analysis.

I convey my obligation to DST-Nanomision, BITS-Pilani, CSIR, and EMBO for their valuable financial support during my research tenure. A special vote of thanks to Dr. Stephanie and Prof. Séamus Fanning for providing me an opportunity to visit their laboratory under EMBO-Short Term Fellowship. I thank Dr. Srikumar, Dr. Sathesh, Dr. Bhupathi for helping me in RNA sequencing data analysis.

Lastly, I wish to apologize if I forgot to acknowledge anyone who had helped me in any way.
