

ACKNOWLEDGEMENTS

At the very beginning, I would like to devote myself to the "God Sai Baba" for giving me the strength, knowledge, and ability to carry out this research study and to complete it without failure. Now it is the time of pleasure to recapture the number of memorable moments, several people, who joined me in this long journey, whose continuous support, guidance, motivation, help and most importantly blessings at each and every step helped to achieve this milestone of my life.

First of all, I am extremely thankful and express my deep sense of gratefulness to my research supervisors Prof. Anil Kumar and co-supervisor Prof. Dalip Kumar for mentoring and teaching me the important things throughout my Ph.D. tenure. Without their motivation and expertise in synthetic organic chemistry, achievement of this research work would have remained a dream. I am indebted to Prof. Anil Kumar for mentoring me and teaching me necessary things and allowing me to work in laboratory without any pressure. This achievement has been possible only because of the unconditional support provided by him whenever I needed his help in professional as well as personal manner. A person with an amicable and positive disposition, he has always made himself present to clarify my doubts and confusion despite his busy schedules. I consider it as a great opportunity to do my doctoral programme under his guidance and to learn from his research expertise. His inspiring hard work and constant motivation helped me to understand better and remain optimistic throughout the course of my study. I am also highly thankful for providing opportunities to work in central NMR facility and to teach and mentor undergraduate and newcomer students in his laboratory which added valuable experience in my Ph.D. life. Thank you, Sir for all your help and support.

I express my thankfulness to the former and present Vice chancellor, Director, Dean and Associate Dean of Birla Institute of Technology & Science, Pilani (BITS Pilani) for giving me the opportunity to pursue my doctoral studies by providing necessary facilities. I overwhelmingly acknowledge the office staff of A-GSR, whose secretarial assistance helped me in submitting the various evaluation documents in time. I would also like to acknowledge the former and present Head of the Department, DRC, Chemistry, BITS Pilani, Pilani Campus for their official support and encouragement.

I also acknowledge, BITS Pilani for providing me Institute fellowship during the tenure of my Ph.D. Moreover, DST-FIST is also sincerely acknowledged for providing instrumentation

facilities in the department. I am very thankful for Ranbaxy project and CSIR-New Delhi for financial support.

I am profoundly thankful for the cooperation and affection extended by all the respected teachers. I am grateful to the members of my Doctoral Advisory Committee, Prof. Ajay K. Sah and Prof. Indresh Kumar for their great cooperation during my Ph.D. At the onset, their valuable suggestion for refining my proposal and seminar had a great impact to begin my research. I acknowledge them for continuous suggestions and corrections for improving my thesis without any time limits. The other respectful faculty members of chemistry department Prof. S. C. Sivasubramanian, Prof. Saumi Ray, Prof. R. K. Roy, Prof. Inamur R. Laskar, Prof. Bharti Khungar, Dr. Paritosh Shukla, Dr. Rajeev Sakhuja, Dr. Surojit Pande, Dr. Shamik Chakraborty, and Dr. Bibhas R. Sarkar, Dr. Mrinmoyee Basu are respected for their cooperation during my Ph.D. Programme. I am also delightful to thank Dr. Hemant Joshi, Dr. Kiran Bajaj, Dr. Dinesh Kumar Sengottuvelu, and Dr. Satheesh Varma Vanaparathi for their inspirational support during my research work. My special thanks to Mrs. Pusplata Ji, Mr. Suresh Ji and Mr. Nandalal Ji for making available some general required chemicals and allowing me to use few laboratory equipments over the years and also necessary help during the graduate and postgraduate student's class when I was the instructor.

I wish to acknowledge Prof. R. Krishnan from Department of Chemistry, BITS Pilani, Hyderabad Campus and Dr. Nattamai Bhuvanesh from Texas A&M University for providing us single X-ray crystal analysis.

My special thanks to Dr. Neelam Singh (Group Leader, Jubilant Chemsys Ltd., Noida) and Dr. Anil Srivastava (Associate Director, Jubilant Chemsys Ltd) for their support and motivation. The words are inadequate to express my gratitude to my senior cum friends Mr. Pravin Lokhande and Mr. Dinesh Chandra for their continued support in all situation of my Ph.D. as well as personal life. I wish to acknowledge Jubilant labmates Mr. Laxminarayan, Mr. Kishor Raja, Mr. Brijesh Tiwari, Mrs. Richa Gupta, Mr. Saleem, Mr. Nitin Yadav, Mr. Brajesh for their unconditional help in lab.

My special thanks to former members of my lab Dr. Kamesh Rao, Dr. Manoj Muthyala and Dr. Kasiviswanadharaju Pericherla, Dr. Ganesh Shelke, Dr. Pinku Kaswan, Dr. Sunita and Dr. Poonam Khedar for their inspiration to my professional life at BITS Pilani. I also like to show my sincere thanks to Dr. Rajneesh Singh, Dr. Abdul, Dr. Mukund, Dr. Noorullah, Dr. Nishar, Dr. Meenakshi,

Dr. Archana, Dr. Pankaj, Dr. Arun, Dr. Pragti Dr. Saleem and Dr. Pallavi for their moral support during my practical work.

I extend my warm thank to dozens of remarkable friends from Chemistry Department, Mr. P.O. Venkata Ramana Reddy, Mrs. Santosh Kumari, Mr. Santosh Khandagale, Mr. Anoop Mewar, Mr. Sachin Choudhary, Mr. Fayaz Baig, Mr. Dinesh Singh, Ms. Pallavi, Mr. Roshan Nazir, Mr. Aabid Hamid, Mr. Vishal, Mr. Vimal, Mrs. Vaishali Saini, Mrs. Rajendra Shivran, Ms. Sunita Poonia, Mrs. Sushila Poonia, for their continuous direct or indirect support in my research work. I am also thanking to my departmental juniors and seniors Ms. Moyana Das, Ms. Bijoya Das, Ms. Karishma, Mr. Mahesha, Mr. Dhritabrata, Mr. Amol, Mr. Bintu, Mr. Pramod, Ms. Mamta, Ms. Jyoti, Mr. Santosh Mishra, Ms. Aishwarya, and Ms. Prachi, Ms. Gurpreet. Ms. Divya, Ms. Shivani, Ms. Vishakha, Ms. Anuvasita, Ms, Monika, Ms. Prakriti, Mr. Narsimha, Mr. Prakash, Mr. Sumit, Mr. Bharat, Ms Mamta, Mr. Narendra, Mr. Yadav, Mr. Atul, Mr. Sumit, Mr. Dritabrata. I am also thankful to all my pharmacy department (BITS, Pilani) friends for their help.

The great inspiring and congenial atmosphere along with the achievements made in Lab 3145 was one of the most memorable things in my entire life. I am feeling very happy and proud to thanks my labmates. Dr. Om Prakash Patel, Dr. Hitesh Kumar Saini, Dr. Khima Pandey, Dr. Saroj Budania, Dr. Shiv Dhiman, Ms. Sonam Jaspal, Ms. Neha Meena, Mr. Dhanajay Nipate, Ms. Bhawani, Mr. Prakash Swami and Mr. Ram Prasad Bhatta. for their love and support. I thanks to you all guys individually for your cooperation, caring and charming company that made my Ph.D. life a bit easier in BITS Pilani. I am thankful to graduate students Mr. Utkrash and Mr. Manu for listening, cooperating and tolerating me with the high level of patience.

I would like to show my sincere thanks to Dr. Om Prakash Patel who helped me and was also there during the troublous time of my life in BITS Pilani. It's impossible to forget his positive attitude towards research and always been present for me for chemistry discussion.

I am extremely thankful to Dr. Hemant Joshi for motivation and support during my Ph.D. and creating positive atmosphere to apply for Post-doctoral Research Associate position and motivated me to work smartly. Thank you, Sir for help and valuable suggestions.

My Thesis will be incomplete without thanking to my best friends Mr. Sayantan Haldar, Ms. Chavi, Ms. Rishika, Ms. Jagrity, Mr. Suvra Bhattacharya and Dr. Vishal Kachwal for their continuous and unconditional support and help. Without these guys, my life would have been monotonous during these years. Most special Ms. Sonam for her moral support during my Ph.D.

hard time which motivated me to reach my destination. Also, her valuable suggestions and help are memorable for me throughout of my life

I would also like to extend my gratitude to my childhood and life time friends Mr. Amol Asane, Mr. Shashikant Jagadhane, Mr. Samadhan Kadam, Mr. Tushar Sinagar, Mr. Dinesh Band and Mr. Avinash Bhaware for their continuous support and help.

I could not forget the best part of this time i.e quarter number 23/2/C and TSF quarter where we enjoyed during the busy life of research with my best buddies. Especially, Mr. Mahesha who provided delicious food facility in his kitchen and never said no. The charming company and Girdhari's tea at Skylab made my journey memorable, a bit easier and comfortable in the laboratory.

I personally thanks my loving brother, Mr. Sachin Shinde for their utmost moral support, love and care in all the aspects of my life.

I am extremely grateful to my parents Sh. Narayan Shinde and Mrs. Aruna Shinde for their unconditional love, prayers, endless patience and sacrifices for educating and preparing me to reach this destination. Their presence always worked as a solace in the moments of stress. Words and this limited space do not seem sufficient enough to express my gratitude to my venerable parents. Whatever I am today is also because of my parents and family support.

My special thanks to my lovely brother and sister Nitin Shinde and Sonali Shinde for considering my success as their success which gave me immense pleasure and motivation over the years.

I would like to express my deep and sincere gratitude to my school, graduate and post-graduate teachers and friends who supported directly or indirectly to me to reach at this level.

Finally, there are many more my well-wishers' teachers, relatives, friends, whose faith, encouragement, and constant moral support has contributed in a big way in the completion of this work. I express my sincere and special thanks to all of them.

Once again, I bow my head to Almighty who gave me enough strength to work hard and cross the toughest situations.

VIKKI NARAYAN SHINDE
