

ACKNOWLEDGEMENTS

My Birth to PhD, it was a long journey with many co-passengers who nurtured, loved, guided, helped, blessed and even hated. I am happy for this privilege to express my gratitude to each and every one of them.

I would like to express deep and immeasurable appreciation to my research supervisor **Prof. Madhushree Sarkar**, for her invaluable guidance and continuous encouragement throughout my research work. I heartfully thank her for the motivation that carried me on through hard times and for her observations and opinions that helped to improve my research ability. Although this tribute is insufficient, I keep an unending gratitude to her.

I put further my thanks to Prof. Souvik Bhattacharyya (Vice-Chancellor, BITS Pilani), Prof. Sudhir Kumar Barai (Director, BITS Pilani, Pilani campus), Prof. A K Sarkar, (Former Director, BITS Pilani, Pilani campus), and Directors of other BITS campuses for allowing me to pursue my research work successfully. I am immensely thankful to Deputy Directors and Deans of BITS Pilani for providing necessary facilities and financial support.

I also express my sincere regards to Prof. S. K. Verma (Dean Administration, BITS Pilani), Prof. M. B. Srinivas, (Dean, Academic–Graduate Studies & Research), Prof. Jitendra Panwar (Associate Dean, AGSRD, BITS Pilani), Prof. Sunil Bhand (Sponsored Research and Consultancy Division) and Prof. Srikanta Rautroy (Associate Dean, Student Welfare Division) for their cooperation and constant guidance during each phase of my research work. I also express my thanks to the office staff of AGSRD, whose secretarial assistance helped me in submitting the various evaluation documents in time.

I am grateful to the members of my Doctoral Advisory Committee, Prof. Ajay Kumar Sah and Prof. Bharti Khungar for their great cooperation in refining my thesis. Special thanks to Prof. Anil Kumar for giving me the opportunity to learn the handling of NMR instrument. I am also thankful to Prof. Bharti Khungar for her encouragement and making opportunity to do peaceful research work. I am thankful to Prof. Subit Kumar Saha and Prof. Inamur Laskar for helping me complete my photophysical studies. I am thankful to our collaborators, Prof. Sanjay Mandal (IISER Mohali), Prof. Prasant Ghosh (NRM Kolkata) and Dr. Suwendu Maity (Jadavpur University).
