Abstract..... II

Table of Contents..... VIII

List of Tables..... XIII

List of Figures..... XV

List of Abbreviations..... XVI

1. Introduction **2**

1.1. Concepts of Diversification and Livelihood 4

1.2. Livelihood Diversification in Rural Areas: A Theoretical Underpinning 5

1.3. The Sustainable Rural Livelihood: A Conceptual Framework 9

1.4. Participation of Rural Households in Farm and Non-Farm Activities in India 12

1.5. Statement of the Problem 21

1.6. Research Questions 24

1.7. Objectives of the Study 25

1.8. Data Sources 25

1.9. Significance of the Study 27

1.10. Structure of the Thesis 29

References 31

2. Determinants and Effects of Livelihood Diversification in Rural Non-Farm Enterprises **36**

2.1. Introduction 37

2.2. Livelihood Diversification in Non-Farm Enterprises 41

2.3. Empirical Framework 43

2.3.1. Determinants of Participation in Rural Non-Farm Enterprises 43

2.3.2. Modelling the Effects of Participation in Rural Non-Farm Enterprises on Household Farm Income and Consumption Expenditure 44

2.4. Measurement of Variables 46

2.5. Empirical Analysis 50

2.5.1. Descriptive Statistics Analysis 50

2.5.2. Econometrics Analysis 52

2.5.2.1. Determinants of Participation in Non-Farm Enterprises 52

2.5.2.2. Effects of Participation in Non-Farm Enterprises on Farm Income and Consumption Expenditure of Farm Households in Different Agroecological Zones 57

2.6. Concluding Remarks 60

References 61

3. Impact of Livelihood Diversification and Institutional Credit on Household Well-Being 66

3.1. Introduction 67

3.2. Review of Literature 69

3.3. Empirical Strategy 70

3.3.1. Data 70

3.3.2. Methodology 71

3.4. Descriptive Statistics 71

3.5. Regression Results 78

3.6. Concluding Remarks 80

References 82

4. Impact of Non-Farm Enterprises Income on Dietary Diversity, Expenditure Diversity, and Farm Investment **84**

4.1. Introduction 85

4.2. Review of Literature 87

4.2.1. Rural Non-Farm Activities and their Importance in Developing Countries 88

4.2.2. Analytical Framework 90

4.3. Empirical Strategy 92

4.3.1. Data 92

4.3.2. Measurement of Household Level Dietary and Expenditure Diversity 92

4.3.3. Econometric Model 94

4.3.4. Instrumental Variables used in the Study 95

4.4. Empirical Analysis and Results 96

4.4.1. Descriptive Statistics 96

4.4.2. Panel Regression 99

4.4.3. Panel IV Regression 100

4.4.4. The Validity of Instrumental Variables 102

4.5. Concluding Remarks 109

Appendix 110

References 114

5. Livelihood Diversification in Non-Farm Enterprises and its Impact on Unidimensional Poverty Status of Farm Households **118**

5.1. Introduction 119

5.2. Review of Literature 120

5.3. Estimation procedure 121

5.3.1. Data 121

5.3.2. Methodology 121

5.4. Results 122

5.4.1. Descriptive Statistics 122

5.4.2. Econometric Results 124

5.5. Concluding Remarks 127

References 129

6. Dynamics and Determinants of Multidimensional Poverty Status of Farm Households 130

6.1. Introduction 131

6.2. Review of Existing Literature 133

6.3. Analytical Strategy 135

6.3.1. Identification of Unidimensional Poor 135

6.3.2. Identification of Multidimensional Poor: Dimensions, Indicators, Deprivation Cut-offs, and Relative Weights 135

6.3.3. Panel Regression 137

6.4. Results 138

6.4.1. Reduction in Rural Multidimensional Poverty and Changes Across Subgroups

6.4.1.1. Across Geographical Regions – States and Agroecological Zones 140

6.4.1.2. Across Household Characteristics and Social Subgroups 141

6.4.1.3. Unidimensional Poverty vs. Multidimensional Poverty 143

6.4.2. Association among Unidimensional Poverty, Multidimensional Poverty, and its Indicators 147

6.4.3. Transition Probabilities of Unidimensional and Multidimensional Poverty Measures 149

6.4.4. Econometric Results - Panel Probit Regression 151

6.5. Concluding Remarks 156

References 158

7. Conclusions and Policy Implications **163**

7.1. Conclusions 164

7.2. Specific Contribution of the Study 171

7.3. Policy Implications 173

7.4. Limitations of the Study 178

7.5. Future Scope of Work 179

List of Publications **181**

List of Conferences **182**

Brief Biography of the Supervisor **183**

Brief Biography of the Co-Supervisor **184**

Brief Biography of the Candidate **185**

List of Tables

Table 1.1: Income Levels on the basis of Land Classification Across Various Categories of Farmers 16

Table 1.2: Percentage Share in Operational Holdings by Land Class 17

Table 2.1: Livelihood Diversification in Non-Farm Enterprises in different Agroecological Zones 39

Table 2.2: Description and Measurement of Principal Variables 49

Table 2.3: Descriptive Statistics of Principal Variables 51

Table 2.4: Determinants of Livelihood Diversification of Farm Households in Rural Non-Farm Enterprises 55

Table 2.5: Impact of Livelihood Diversification on Farm Income and Household Consumption 57

Table 3.1: Descriptive Statistics of Key Variables Across Different Categories of Credit Source 72

Table 3.2: Socioeconomics Distribution of Households Across Credit Source 73

Table 3.3: Access to Non-Farm Enterprise, Credit and its Purposes 74

Table 3.4: Regression Analysis: Dependent Variable = Ln (MPCE) 79

Table 4.1: Summary Statistics of the Principal Variables used in the Study (N = 1,822) 98

Table 4.2: Panel Regression: Non-Farm Enterprises Income and Diversifications in Consumption Expenditures 103

Table 4.3: Panel IV Regression: Non-Farm Enterprises Income and Diversifications in Consumption Expenditures (IV: nwork NFE and Road Density) 106

Table 4.A1: Tests of Instrument and Endogeneity 110

Table 4.A2: Over-Identification Test – Hansen's J Test 110

Table 4.A3: Test of Weak Instrument 111

Table 5.1: Regression Analysis of Poverty Status and Transitions among Farm Households 125

Table 6.1: Dimensions, Indicators, and Deprivation Cut-offs of the Multidimensional Poverty Indicators 139

Table 6.2: Rural Poverty among Farm Households and across different Population Subgroups (in percentage) 144

Table 6.3: Association between Unidimensional Poverty, Multidimensional Poverty, and its Indicators 148

Table 6.4: Unidimensional Poverty Status and Indicators of Multidimensional Poverty – Transition Probabilities 150

Table 6.5: Determinants of Unidimensional and Multidimensional Poverty – Panel Probit Analysis 154

List of Figures

Figure 1.1: Sustainable Rural Livelihood Framework 12

Figure 1.2: Operational Numbers, Area Holding and Average Size (1970-71 to 2015-16) 13

Figure 1.3: Share of Farm and Non-Farm Incomes over the Years in India (in percentage) 20

Figure 3.1: Sources of Credit Institution and Income received from the Non-Farm Enterprises 75

Figure 3.2: Cumulative Distribution of Income at the Household Level 75

Figure 3.3: Relationship between the Loan Amount and Net Income from Non-Farm Enterprises 76

Figure 3.4: Distribution of MPCE across the different Sources of Credit 77

Figure 4.1: Linkages between Farm Household Incomes and their Consumption Expenditures 91

Figures 4.A1 – 4.A10: Kernel Density Estimates: Income received from Rural Nonfarm Enterprises and Diversifications in Consumption Expenditures 112

Figures 4.A11 – 4.A20: Non-Parametric Associations of Income received from Rural Non-Farm Enterprises with different Expenditure Indicators 113

Figure 5.1: Poverty Status of Diversified and Undiversified Farm Households 123

Figure 5.2: Poverty Status Across Livelihood Diversified Groups 124
