

ACKNOWLEDGEMENTS

I thank the Almighty, who gave all the strength and only because his divine blessing this research work was made possible. I am grateful to those who have assisted in the development of my potential. My future is brighter because of you.

I take this opportunity to sincerely thank, **Padmabushan Dr. S.S. Badrinath**, Chairman Emeritus, and **Dr. S.B. Vasanthi Badrinath**, Director, Laboratory Services, Sankara Nethralaya, Chennai, India for giving me an opportunity to do this project in this esteemed institution.

I thank **Dr. Bhaskaran**, Chairman, Medical Research Foundation, **Dr. Ronnie George**, Director of Research, Vision Research Foundation, **Dr. T. S. Surendran**, Vice-Chairman, Medical Research Foundation for extending their support. I express my Heartfelt Thanks and gratitude to **Dr. H.N. Madhavan**, Director – Vidhyasagar Institute of Biomedical Technology and Science (VIBS), Director - Department of Microbiology and **Dr. Lingam Gopal**, President, Vision Research Foundation for this wonderful opportunity to do my research. I extend my sincere thanks to **Dr. S. Meenakshi**, Director of Academics and **Mr. N. Sivakumar**, Academic officer for their support.

First and foremost, I would like to express my gratitude to my supervisor, **Prof. K.N. Sulochana**, I appreciate for her kindness and patience. I admire her passion to science, and my devotion to her. She has always been there for help and support. When I encountered problems in my research, she always had the method to lead me out and showed me the bright way for my work. She taught me how to think scientifically, and how to approach problems in research. Being my research supervisor, she guided me towards new pathways and applications in Analytical Chemistry. Learning instrumentation from her was the most enjoyable and unforgettable thing that I ever achieved.

A special thanks to **Prof. S. Ramakrishnan**, for his support and encouragement throughout my work.

I would like to express my gratefulness to **Dr. N. Angayarkanni**, HOD, Department of Biochemistry for her constant support. I would like to thank **Dr. K. Coral Miriam**, Lecturer, who had been a big support for my research work and encouraging, motivating me and trained me in collection of samples, HPLC and cell culture techniques for their valuable inputs.

I would like to thank **Dr. J. Biswas, Dr. Arvind CB, Dr. Rajiv Raman, Dr. Pukhraj Rishi** and other consultants from Uveitis and Vitreoretinal department for providing me the clinical specimens for my research work. I would also thank to **Mr. Sayanthan Biswas**, optometrist, for helping me in recruiting the patients and also thank to social worker **Mr. Arasu kumar** and **Mr. T. Arokiaswamy** for helping me in recruiting the patients in the study.

I would also like to thank **Dr. S.R. Barathi Devi** for her constant support and motivation. I would also thank to **Ms. R. Punitham** for encouraging me and timely advice. I would also thank to **Ms. K. Parvathy Devi** for her kind words and encouragement throughout my work. I would also thank to **Dr. R. Selvi and Dr. AV. Saijyothi** for their moral support, and also thank to **Dr. J. Subbulakshmi**, and **Dr. V. Umashankar**, HOD, Department of Bioinformatics, for their support. I would like to thank all the staff members in the department for their moral support. My heartfelt thanks to all the technical and non- technical staff.

I extend my heartfelt gratitude to **Dr. B. Mahalakshmi** for her moral support, motivation and encouragement throughout my work. **Ms. U Jayanthi** for her support and care. I would also like to thank **Ms. Amrithavalli** secretary VIBS and **Mr. S. Pradesh kumar**, for their support.

I sincerely thank **Prof. B.N. Jain** Vice Chancellor and Director, BITS, Pilani for giving me the great opportunity to do my thesis under the esteemed university. I thank **Prof. S.K. Verma**, Dean, Research and Consultancy Division, BITS, Pilani, **Prof. Ashish Kumar Das**, Ex- Dean, Research and Consultancy Division, BITS, Pilani,

Prof. Sundar, Dean Distance Learning Programme division, **Dr. Prasanta Kumar Das**, Associate Dean, Academic Research Programme, BITS, Goa and **Dr. Dinesh Kumar**, **Dr. Navin**, PhD Monitoring, **Dr. P.R Deepa**, Assistant professor, and **Dr. Judith M. Braganca**, Associate professor, Head of biological science, BITS, Pilani - Goa. I would also like to thank **Dr. Arnab Banerjee** and **Dr. Sukanta Mondal**, DAC member whose valuable comments for my thesis helped me progress further.

I would like to express my gratitude **Dr. K. Lily Therese**, HOD, Department of Microbiology, **Dr. A.J. Pandian**, Department of Genetics, **Dr. S. Krishnakumar**, Department of pathology, **Dr. J. Malathi**, Reader, Department of Microbiology, **Dr. Sripriya** and **Dr. N. Soumitra** Department of Genetics and **Dr. D. Dorren Gracious** for evaluating me throughout my lecture series.

I would like to thank **Dr. M. Suresh Kumar** Associate Professor and his students from the Centre of Bioinformatics, University of Pondicherry for timely helping me to progress the work.

I would like to thank **Mr. Narayan**, VRF Manager for his support. I would like to offer my special thanks to all the staff of multimedia for their full cooperation in preparation of the posters for the presentations. I would also like to express my sincere thanks to **Indian Council of Medical Research (ICMR)** for their funding.

Finally, I wish to thank my parents **Mr. M. Muthuvel** and **Ms. M. Sathya** and all the entire family members for their interest and enthusiasm in my work. I dedicate this thesis work to my entire family for being with me and making my journey truly happy and joyful. All this was possible only because of **GOD's** grace and his blessings which I hope will always be showered on me for the rest of my life.

M. Bharath Selvi
