

Acknowledgments

I take this opportunity to thank each and every person who has made this research work possible. I would like to thank my research supervisor, **Dr. Deepak Chitkara**, for his precious guidance, without which this work would not have been possible. He gave me the support, direction, encouragement and valuable suggestions, which will be helpful for my future professional life too. I will always cherish the experience that I have gained under his supervision throughout my life.

I would like to specially thank **Dr. Anupama Mittal** (Doctoral Advisory Committee Member), for her guidance and support, which has strongly benefited me in all aspects, from my research work to develop my personality. I would also like to thank her for cell culture techniques that I have learned from her, which will be very useful in my coming future life.

I would like to convey my heartfelt thanks to **Dr. Anil Jindal** (Doctoral Advisory Committee (DAC) Member), for his prodigious assistance throughout my Ph.D. tenure through his valuable research ideas and recommendations in improving my thesis.

I would like to thank our research collaborators **Prof. Sujata Mohanty and Dr. Manu Dalela** (Stem Cell Facility, DBT-Centre of Excellence for Stem Cell Research, All India Institute of Medical Sciences (AIIMS), New Delhi), for their valuable research inputs and for providing facilities for bioimaging ((IVIS) Lumina XR (Perkin Elmer)) and HR-TEM (TECNAI 200 Kv TEM, FEI Electron Optics).

My heartfelt thanks to **Dr. Shushil Yadav** (Senior veterinarian in-charge, Animal house Facility) for his valuable guidance in teaching animal handling and related ethics. I would also like to thank Incisive Element LLC (USA), the Department of Biotechnology (Government of India), and BITS Pilani for providing financial support during my Ph.D. tenure.

This acknowledgment would be partial without citing the names of my loving and caring mother, father and sister. I would like to thank my mother (Dr. Sunanda Pukale), father (Mr. Sudesh Pukale) and sister (Dr. Sushmita Pukale) for always motivating me and supporting me in my tough times. Their positive thoughts gave me the energy to carry out difficult things in a very simple way with a smiling face. Their unconditional love and support are the pillars of my life. All words combined in this world will not be enough for everything that they have done for me.

“Alone we can do little; together we can do so much”. I am indebted to my dear labmates Dr. Saurabh Sharma, Samrat Mazumdar, Arihant Singh, Deepak Sahel, Prabhajeet Singh, Reena, Sai Bhargav, Sai Pradyut, Shubham Salunkhe, Dr. Kishan Italiya, Moumita Basak and Imran Ansari for their time and moral support. Thank you guys, for making Nanomedicine/DCAM lab such a happening place!!! Apart from fun, I have learned a lot from all of them, and I am extremely grateful to them for their constant support and timely help. I would like to extend my warm thanks to my friends Nikita Hinge, Rajesh Pradhan, Rupesh Jain, Vamshi Krishna, Amit Sharma, Kedar Prayag, Dr. Dhanashree Surve, Atharva Bhide, Dr. Krishna, Amritansh, Vicky Shinde, Amol, and Pramod.

Above all, I would like to thank ALMIGHTY GOD for all that he has given me, my parents, a good home, a healthy mind and body.
