

Acknowledgments

Foremost, I would like to express my most sincere gratitude and deepest feelings to my supervisor **Dr. Sunil Kumar Dubey**, Assistant Professor, BITS, Pilani, Pilani campus for his guidance, timely advice, constructive criticism and encouragement throughout my research work and professional development. I would not be able to find apt words to express my gratitude for the parental love of him and his family to me throughout the period of my research. This thesis becomes possible due to his continuous support and the freedom he gave for carrying out this work. I am and will always remain profoundly grateful to him throughout my life.

I convey my sincere gratitude to my co-supervisor **Prof. Ranendra Narayan Saha**, Director, BITS, Pilani, Dubai campus. It is my honor to work under him, whose competent mentorship, new ideas, never give-up approach and co-operative nature; imbibed the enthusiasm in me throughout this endeavor. His passion towards research and his capability to efficiently multitask has and always be a source of inspiration for me. I will always be indebted for both of them for taking me under their group and encouraging me to think independently and strive for higher standards in research.

I am grateful to Prof. Souvik Bhattacharyya, Vice Chancellor, BITS, Pilani, Prof. Sudhir Kumar Barai, Director, BITS, Pilani, Pilani Campus, Prof. Ashoke K. Sarkar, Ex-Director, BITS, Pilani, Pilani Campus, Prof. S. K. Verma, Dean, Administration and Prof. Jitendra Panwar, Associate Dean, AGSRD for their support.
